Pandas are black-and-white animals of the bear family. They live in the forests of Burma, Nepal and China. Pandas have got small black ears and white faces. They have also got short tails. Pandas are about 1.5 metres long and they usually weigh 100 kilograms. They climb trees and they like sleeping there. A panda always walks around the forest looking for bamboo to eat. They don't eat meat very often. They look funny and people like them very much.

1. What colour are pandas?
2. Where do they live?
3. How long are they?
4. What do they eat?
5. What can pandas do?
